TASK 2: EMBEDDING PROJECT INTO RELEVANT STRATEGIES
DISTRIBUTION 05.05.2025, PRESENTATION ON 12.05.2025

Select one project of your team from the exercise 1 and identify the underlying strategy / strategies the project contributes to.

Also assess and elaborate, whether and how the selected project (if it were run in Europe or in Germany) would contribute to

a) the seven principles of the eGovernment Action plan 2016-2020 of the EU
b) the single digital gateway regulation of the EU
c) the goals of the updated National E-Government Strategy in Germany
d) the targets of National Digital Decade strategic roadmaps

Please also complete the full trajectory of Strategy, Program and Type of Project according to the Terminology overview. I.e. identify the strategy to which the project belongs to, under which program it is funded / financed, and what type of project it is.

Upload your presentation until Sunday 11th May (23:59) and present the results of the strategic positioning of your project in the exercise class on 12th May – each group has max 8 minutes for the presentation. Max 5 groups will be able to present.

Ensure to put the URLs to the project and strategies on the slides.

Only people presenting receive the tick mark.
